SPOUSE TO PIECES.**Valentine Weissman Does Bloody

—Agent of the Omaha Reservation
Will Not Arm the Indians.**

Evansville, Ind., June 5.—For some months Valentine Weissman of Babytown Hill, a suburb, has been jealous of his wife, and he had frequent quarrels with her. He has been fined more than once for whipping her because of his suspicions. Monday night her brothers passed the evening with them, and after they had gone Weissman partially disrobed and went into the room where his wife was nursing her child and told her he was going to kill her. He snatched the infant from her arms and dashed it to the floor, seriously injuring it. Then he went to the bureau and got a razor. His wife ran out of the house, but was stopped by a high picket fence, and he caught her. Weissman immediately began to slash her with the razor, his wife fighting all the time for her life. He cut her in the throat three times, several times in the face and then began hacking at her bosom. In attempting to cut off a hand he severed an artery. In all he cut her in 121 places. The coming of neighbors frightened him away and the woman recovered sufficiently to get her child and flee to a neighbor. She fainted on the way, and was carried into the house and doctors called.

Weissman was discovered on a fence naked. He had tied his shirt around his neck and to it was attached a piece of wire that was fastened to the limb of a tree. He was in the act of jumping from the fence when seen. He had tried to cut his throat with a razor. His forehead was severely bruised, where he had tried to break his skull with a rock. In addition he had tried to drown himself in a pond. He was brought to town, and his father-in-law, who saw him in a buggy with the officers, tried to shoot him, but was prevented by friends. The woman and child will probably die.

WILL NOT ARM INDIANS.

**Agent of the Omaha Reservation Denies
a Startling Rumor.**

Pender, Neb., June 5.—Little interest is excited on the Omaha reservation by the report that the authorities at Washington have authorized the arming of the Indian police to evict the settlers. The report is not credited. Capt. Beck has repeatedly asserted that he would not place loaded guns in the hands of redskins and turn them loose to eject the settlers. Beck demands that the settlers cancel their leases with the Flournoy Land company and lease their farms direct from him. The settlers have been paying rent from year to year to the Flournoy people, who claim to have a long lease from the Indians. Beck has declared that the Flournoy company obtained their lease from the Indians by fraud and that in canceling it he is merely protecting the interests of the Indians. There are only twenty regular Indian police, though Beck has authority to swear in any or all of the 600 redskins on the Omaha reservation. While there are only 200 settlers on the reservation directly involved the hundreds of farmers in Thurston County are largely in sympathy with them. The settlers have arranged to apply to Judge Dundy of the Federal court at Omaha for an injunction restraining Federal troops interfering in the affairs of Thurston County. Gov. Holcomb will be appealed to to oppose Federal troops with militia, and an interesting clash of State, Federal, judicial and municipal authority is likely to be the result.

Ramsay Still in Charge.

Carlyle, Ill., June 5.—Since the death of State Treasurer Ramsay some of the local creditors have been dissatisfied with the appointment of his son, Elijah Ramsay, as an administrator of his father's estate. Several weeks ago the attorneys for the creditors filed a petition in the county court here praying for the appointment of a co-administrator of the estate, the petition claiming that young Ramsay was incompetent. Yesterday Judge Jones insisted upon a trial. The creditors then withdrew their petition.

Receive a Light Punishment.

Elkhart, Ind., June 5.—Information is received here that the man Zerby, who criminally assaulted his 7-year-old niece a few nights ago a few miles from here, and his wife were stripped, tied to a tree, and whipped last night by a mob and ordered to leave the neighborhood. Both have left. The child will recover.

Tanned and Feathered.

Tekamah, Neb., June 5.—Rhodes J. Taylor was taken from the custody of the sheriff of Burt county late last night, tanned and feathered, and ordered to leave the country. He had been arrested on the charge of assault.

Breckenridge, Fulton county; Robert L. Hunt, Macon county; William Stoeffel, McHenry county; H. T. Eberlein, Green county; sergeant-at-arms, T. J. Sparks, McDonough county; assistant, Thomas Manion, of Jefferson county.

A resolution was adopted denying that the call for the convention was illegal.

OLNEY IS SELECTED.

**President Will Appoint Him as Soon as
He Decides on an Attorney-General.**

Washington, June 5.—There is no longer any reasonable doubt that the President has fully determined to ask Attorney General Olney to accept the state department portfolio. Persons in a position to know what the President's purposes are anticipate an early announcement of Mr. Olney's appointment and probably that of his successor. It is regarded as quite likely that Senator Gray's visit to Washington may have been in response to a message from the President, and it is possible he may have been offered the attorney generalship, or consulted thereon. The understanding is that the matter of cabinet changes and transfers will be finally settled upon either late this afternoon or to-morrow.

Mysterious Death of a Young Lady.

Lawrenceburg, Ky., June 5.—The dead body of Miss Mollie Shirley, the handsome and popular daughter of John Shirley of High Grove, a few miles west of here, was found in a small cypress woods, on a patch of blue grass and in a sitting position, while one of her lower limbs was fearfully swollen and greatly discolored around the place that the teeth of a vicious dog had penetrated, a few days ago. This bite is supposed to have caused her death. Persons who profess to be informed on hydrophobia say positively that Miss Shirley's body had none of the symptoms that follow death from that disease. The entire discovery is shrouded in mystery.

Blaze at Jackson, Mich.

Jackson, Mich., June 5.—Last night fire destroyed the Collins car works. Three hundred men are thrown out of employment. The fire started in the dry kiln and spread to the various buildings rapidly. Five Michigan Central box-cars were destroyed, as well as the coal yard buildings and a quantity of fuel. The fire spread to the Fuller buggy works, but strenuous efforts of the firemen saved the building. The loss to the Collins company is estimated at \$175,000, largely covered by insurance. The total loss will probably reach fully \$200,000.

To Have the Race Again.

Chicago, June 5.—In their effort to make the best of a bad muddle, the judges who were in charge of the Decoration day road race have decided that the contest shall be run over again to settle the question as to who won the time prize. A new course will be selected. This decision in view of the very uncertain state of affairs and the absolute impossibility of giving justice to all the claimants is felt to be the most satisfactory arrangement that could be entered into. The race will take place Saturday.

Cattlemen in Earnest.

Wolcott, Colo., June 5.—Eight hundred cattlemen and ranchmen, masked and armed, will advance upon the camp of the sheep men on Elk Head Creek to-day, and six hours after a committee has notified the wool-growers to move over the Snake River Divide the main body will begin to annihilate all the sheep that can be found in California Park. The sheep men will fight.

Incendiary Fire at Huron, S. D.

Huron, S. D., June 5.—An incendiary fire destroyed six buildings on Dakota avenue. The most serious loss was G. Laube's \$12,000 collection of models of patents, the greatest west of Washington. Total loss \$20,000 with small insurance.

Proposed Reform Leaves the Situation
Very Serious.**

Madrid, June 5.—Major Clorj, the assailant of Captain General Primo Rivera, was awakened at 2 o'clock this morning and sentenced. After he had been allowed to attend mass, he was taken in a carriage to San Isadore where he was shot.

Constantinople, June 5.—The reply of the Turkish government to the notes of the representatives of Great Britain, France and Russia in regard to the proposed reforms in Armenia has been delivered to the envoys. The Turkish answer is not satisfactory. The Turkish government does not agree to the principle of the control of the proposed reforms by the powers.

The position is serious, as last week the British embassy informed the Porte that Great Britain had resolved not to accept any modifications of the proposition affecting reforms in Armenia, and the representatives of the other powers have made the same declaration to the Porte. The reply of the Turkish government causes surprise, and it is thought such an answer would not have been given without encouragement from some European power, but the presence of the British Mediterranean squadron, consisting of seventeen ships, at Beyroot points to an agreement between Great Britain, France and Russia to force Turkey to comply with their demands. Consequently interesting news may shortly be flashed from Beyroot, where it is believed the British fleet will be called upon to support the demands of the three powers.

When the sultan read the note of the repressive powers outlining the proposed reforms he was not unfavorably impressed. He had several conferences with the foreign ambassadors, and the Austrian ambassador urged him to acquiesce in the demands of the powers. But it was added at the time the sultan appeared to be counting upon the moral support of Emperor William of Germany, to whom he is known to have sent an autograph letter on the subject.

Would Like a Visit from Cleveland.

Japanese Have Formosa.

Shanghai, June 5.—The formal transfer of the island of Formosa and the Chinese property on that island to the Japanese was effected at Kee Lung Sunday, June 2, when the documents necessary to the transfer were made.

MORRISSEY GRAND MASTER.

**Resolutions Passed by Railway Train-
men's Convention.**

Galesburg, Ill., June 5.—The Brotherhood of Railway Trainmen's convention yesterday passed resolutions recognizing all other labor organizations, urging a federation of railway employees, protesting against the use of military power by the several States or National Government, advocating the abolishment of the convict labor system, recommending the organization of legislative boards in the several States, condemning the present law as administered by the judges of Federal courts, pledging the brotherhood to vote for no candidate of either House or Legislature not pledged to support fair and just labor legislation; endorsing the Olney arbitration bill and recommending lodges to use their influence to secure its passage; denouncing Judges Rick, Jenkins and Dallas, and commending Judge Caldwell; requesting the Legislature of Pennsylvania to prohibit the usurpation of power by the Philadelphia and Reading railroad; and thanking L. S. Coffin for his efforts in behalf of railroad men. P. H. Morrissey was elected Grand Master.

Rain Benefits Indiana Crops.

Indianapolis, Ind., June 5.—Rain and wind storms raged in Indiana yesterday, breaking the long drouth and causing a drop of 15 degrees in the mercury. In many instances the lightning and wind did great damage, causing loss of life and destruction of property. Reports from many different parts of the State show that the rain was heavy and well distributed and it is believed that it will result in many thousands of dollars' benefit to all crops. The immediate danger of water famine will be averted. It is more than probable that previous estimates of crop damage in Indiana will have to be revised at once.

Eminent Missionary Dead.

Winchester, Mass., June 5.—The Rev. Henry Martin Scudder, D. D., the eminent missionary and clergyman, died last evening from an attack of apoplexy. He has been in poor health for some time. He leaves a wife and three children.

ILLINOIS LEGISLATURE.

**The House Passes Many Appropriation
Bills Yesterday.**

Springfield, Ill., June 5.—In the senate yesterday Senator Saloman, chairman of the special committee to investigate department stores, offered the report to the committee. It was read for information, but no action was taken upon it, and it is on the calendar as a pending question.

The senate passed the house bill which amends the election law by giving the circuit and superior courts in Cook county concurrent jurisdiction with the county court in contested election cases. The house bill appropriating \$424,000 a year for the state university was also passed.

In the house, Speaker Meyer announced the discharge of all committee clerks, policemen and janitors. The following house bills were passed: Appropriating \$240,000 for two years for penitentiary at Joliet; appropriating \$60,000 for physical training building for State Normal University at Normal; appropriating \$57,200 for two years to the Eye and Ear Infirmary at Chicago; Dougherty's bill appropriating \$1,200 for a monument to the memory of ex-Governor Thomas Ford to be erected at Peoria; appropriating \$64,000 for two years to State Normal University at Normal for running expenses and improvements. Appropriating \$165,000 for two years to penitentiary at Chester. The Pharmacy bill was reconsidered, and an amendment requiring proprietary medicine to have formula printed on the label was stricken out. The bill was then sent to a third reading.

The contested election bill passed. It provides that Circuit courts in their respective counties and in Cook county the Superior court may also determine contests of election of Judges of the County court, Mayors and Presidents of county and village boards.

The bill introduced by Bailey of Danville making criminal assault a capital offense was beaten on its final passage.

The house adjourned until Thursday at 3 o'clock in order to make way for the democratic convention. The senate refused to do so and will hold a short session today.

Representatives Steen and McLaughlin appeared before the senate appropriating committee and argued against excepting railroads in the arbitration bill. The bill was reported out with the amendment as desired by the railroads.

The governor has not signed the Chicago drainage bill. As he has had it ten days, the bill becomes a law without his signature.

Sealing in Bering Sea.

Ottawa, June 5.—The dispatch from England announcing the intention of the imperial authorities to introduce a bill to restrict sealing in Bering Sea, is understood to refer to the renewal of the imperial confirming act closing the season for sealing as decided by the tribunal of Paris. It is said not to involve new principles.

Until official paper regarding the seizure of the sealing schooner Shelby in the North Pacific have been received no formal protest will be forwarded to the United States. It is believed the seizure was made in ignorance of the fact that it is no longer an offense to carry unsealed arms.

Say Culver Took His Own Life.

New York, June 5.—The World publishes the result of an investigation which it has been making into the death of Roy M. Culver, who left his home in Newark, N. J., on March 23, and whose body was found some weeks later in the Clyde river. The World concludes that Culver in all probability committed suicide as a result of disappointment in love and that the mysterious letters signed "Stranger" were really written by himself.

REIGN OF TERROR IN FORMOSA

**Native Soldiers Are Committing All Kinds
of Depredations—Governor Escapes.**

Shanghai, June 5.—There is great excitement on Topenfu Island, Formosa. The governor has escaped, and many buildings have been destroyed by the native soldiers, who are committing all kinds of depredations.

BIG RELAY RACE STARTED TODAY.

**Riders Are Now on The Chicago-New
York Course.**

Chicago, June 5.—The Chicago-New York relay race started at 9 o'clock this morning. The distance, it is expected, will be covered in seventy-two hours.

STORM AT CINCINNATI.

**Hurricane Follows a Heavy Rainstorm—
Much Damage Done.**

Cincinnati, O., June 5.—The hot wave that has worried Cincinnati for the last week was broken yesterday by the fiercest storm of the year. A hurricane accompanied the storm, which did great destruction in many parts of the city. Houses were unroofed, trees snapped before the blast, and fences were torn down and glass windows were blown in all over the city. The storm lasted only an hour, and in that time seventy-eight one-hundredths of an inch of rain fell, and the mercury dropped from 92 degrees to 72 degrees. No fatalities are reported in the city. On the river the wind nearly caused a panic on the Coney Island steamer Boston. The steamer Scotia was blown up the river for a mile, and then ran ashore under the gale. No one was injured. Rochelle Rockaway, aged 9, ran into the Central Police Station to get out of the rain. Just as she crossed the threshold the heavy door slammed and the knob struck her on the forehead, knocking her senseless and cutting a long gash in her forehead. Several houses and barns in Avondale were unroofed. Lightning struck a residence and set fire to the kitchen, while other portions of the roof of the house were blown in every direction.

RAIN QUENCHES FIRES.

**Inhabitants of Northern Pennsylvania
Breathe Easier.**

Bradford, Pa., June 5.—A downpour of rain quenched the fires in this vicinity, and everything is quiet. Knapp's Creek, N. Y., the town that was threatened with destruction, escaped with a loss of two dwellings and 150 oil-well rigs, and two tanks of oil. Between Dulles Center and Knapp's Creek 200 rigs were destroyed, together with a large amount of standing timber. The oil fire at West Branch, two miles from here, was extinguished by the rain, and all fires in that direction are now under control. The total loss throughout the field will not fall far short of \$1,000,000.

Archbishop Kenrick Not Deposed.

Rome, June 5.—It is said at the Vatican the action taken by the pope does not depose Archbishop Kenrick from his present title or position, nor does it appoint Archbishop Kain as his successor. It was made for the purpose of assisting in the management and administration of the church property of the archdiocese. It does not in any way make Archbishop Kain the successor of Archbishop Kenrick, but gives him such strong powers as coadjutor that he will be able to carry on the laborious work of managing the church property and affairs as though he were archbishop in name or fact. This will bring no deposition or removal of the venerable head of the archdiocese.

Wife Murderer Attempts Suicide.

Elmira, N. Y., June 5.—Martin V. Strait, who is sentenced to die by electricity during the week of July 21 for the murder of his wife and sister-in-law, wrenched the handle off his drinking cup yesterday and drove it into his neck several times. Failing to make a fatal wound he tried to cut the jugular vein and inflicted an ugly gash. He was immediately put in irons and the wounds sewed up. He tried desperately to open the gash with his fingers, but was prevented from doing so. He was removed to Auburn last night.

Will Fight in Dallas Oct. 21.

New York, June 5.—It now looks as if the big fight was assured for Dallas, Tex., on October 21 next. Daniel Stewart, who came here a few days ago as representative of the Dallas parties yesterday made what appear to be final arrangements for the event and both Corbett and Fitzsimmons say they will fight in Dallas. Sporting men about town all seem to think the fight is now certain.

More Soldiers Arrive.

Bluefield, W. Va., June 5.—More soldiers have arrived in Pocahontas. The coal operators claim that since the partial withdrawal of militia, the miners have grown bolder and organized attack is feared on the men in the mines. Operators have still a large guard on duty. New soldiers have aroused the miners.

Delegates Arriving in Little Rock.

Little Rock, Ark., June 5.—The Republican state league convention, which convenes here to-day, promises to be one of the largest of that party held in this state since the seventies. Prominent men of the party came in yesterday and all incoming trains are crowded with delegates.

Altoona, Pa., June 5.—Deputies had to put down a riot among 300 striking laborers on an impounding reservoir five miles west of here yesterday. More

SPAIN IS PENITENT
AND ASKS PARDON**SATISFACTORY NOTE RECEIVED
AT WASHINGTON.****Answer to Secretary Gresham's
Demand in the Case of the Alliance
Disavows All the Acts of the
Gunboat's Commander—The Incident
May Now Be Regarded Closed**

Washington, June 5.—The state department has received from United States Minister Taylor at Madrid the complete and final answer of Spain to the demand of Secretary Gresham for a disavowal of the firing on the United States merchant ship Alliance. The document has been awaited for some time with interest, and it was undoubtedly one of the main subjects which Acting Secretary of State Uhl brought to the attention of the cabinet at the meeting yesterday.

The answer is most cordial in tone and is expressive of the fullest disavowal of the course of the commander of the Spanish gunboat which fired on the Alliance. It is said to be entirely satisfactory to this government, as it fully meets in letter and spirit the demands made.

The following official statement concerning Spain's answer was made at the state department yesterday: "In the Alliance affair Spain in its reply disavows the act of firing upon the Alliance, expresses regret at the occurrence itself, and assures this government measures have been taken to prevent a repetition of the same."

MORE SAVED FROM WRECK.

**Five Names Added to the Colima's
Rescued Passengers.**

San Francisco, Cal., June 5.—A special from the City of Mexico says that five more passengers of the Colima have been added to the list of the saved. The five were picked up by one of the rescue crews on the beach at Maquilly, and three of them are now at Puebla on their way to Colima.

The hurricanes on the Pacific, which wrecked the Colima, have continued to rage and have done much damage to the shipping within their range. The steamer Santa Rosa arrived last night from San Diego and way ports with three shipwrecked mariners of the schooner Crest. Capt. Harlow of the Crest says that when off Point Conception the schooner was badly disabled by a fierce storm. All of the food was washed overboard, and after drifting about four days with nothing to eat a dog was killed and eaten to appease the hunger of the crew.

DENY SENSATIONAL REPORTS.

**Government Officials Say Diseased Pork
Is Not Sold in America.**

Washington, June 5.—It is said at the agricultural department there is no truth in the published reports that pork examined microscopically for export to Germany and France, and found to contain trichinae, is stamped by the inspectors as free from disease and so transported and sold in interstate commerce trade. Early in February Secretary Morton ordered all pork examined microscopically and if found to be affected with trichinosis tanked, but later it was decided that the present law did not give the secretary this authority. The enforcement of the order was, therefore, postponed until July 1, when the new law goes into effect. It is doubtful, however, whether the new law will give him power to cause the destruction of pork affected with trichinae.

Iowa Silver Men Meet.

Des Moines, Iowa, June 5.—William Jennings Bryan, of Nebraska, addressed a large mass meeting here last night on the currency question. The meeting was very enthusiastic. Today the silver conference, at which the silver democrats of the state will discuss finance from their point of view, opens in the Y. M. C. A. building. There will be some noted speakers present. The conference will plan for control of the democratic convention in the interest of silver, and it is expected by the leaders that they will succeed.

Improvement in Iowa.

Des Moines, June 5.—The past week has witnessed a remarkable transition in the condition of crops and in the hopes of the people. The high and hot winds of the 27th and 28th, which threatened serious damage to all crops, brought a copious and well-distributed rainfall on the 30th, with local showers on June 1, 2 and 3, affording abundant moisture to nearly all parts of the state. The result has been a notable transformation in the appearance of all vegetation, and good crops are now hoped for.

Thief Betrayed by a Woman.

Carson, Neb., June 5.—The \$80,000 in gold bars stolen from the Carson mint were recovered in a most unexpected way when the government officers dug up the treasure in the woodshed of William Pickler, an employee in the melters' and refiners' department, who had not even been suspected. Pickler was betrayed by a woman with whom he had been living and whom he had abused.

Will Honor Father Marquette.

St. Ignace, Mich., June 5.—Citizens of St. Ignace propose to honor the last resting place of Father Marquette with a monument befitting the courage and enterprise of the explorer and missionary, who in 1679 established his Jesuit college, military station and missionary headquarters here. Arrangements are now being made for a state memorial service here Aug. 6.

Mass Meeting of Miners.

Massillon, O., June 5.—Mass-meetings are being held throughout the district to-day to vote upon the question of resuming work in the coal mines at the rate of 31 cents.

BRITISH BLACK ROD A QUEER OFFICIAL

J. C. WILMARTH WRITES OF
THE HOUSE OF COMMONS.

They Hire a Lordly Admiral at \$10,000 a Year to Do the Work that a \$1,000 Messenger Could Attend to in America—Rock County's Sheriff System Might Be Applied.

LONDON, May 23.—American visitors in the Houses of Parliament are known by the awe with which they regard the archaic forms and figures of those bodies. To them the speaker in his wig and gown is more for the moment than a prime minister in sober broad cloth; the sergeant-at-arms "with his sword down by his side" ranks far before a prosaic secretary of state, and a messenger with the royal arms in brass on his waist coat, more than holds his own with an unadorned law officer of the crown. The stranger is more prone than the native, perhaps, to realize that all these are constitutional monuments—not mere history makers, but history itself, ancient and modern, abstract and concrete,—and he gives them corresponding weight. But for choice give a stranger Black Rod. The average man is impressed with anything that is at once constitutional and mysterious, and there is probably only one person in the world who can compare with Black Rod in these regards. "Range Dragon" who is whispered to be somebody very awful in the Heraldic college, might, but as far as the tourist is concerned he is little in evidence.

Black Rod on the other hand makes periodical visits to the legislative world, which are announced with much clamor and chronicled with great fidelity. Spectacularly considered, he comes out of some mystic hold of other days, flits for a moment across the modern stage and then disappears into the place whence he came, until the next time some grave affair of state requires his presence. For all these weighty reasons the visitors who have been able to gain entrance to Westminster during a session and who chance to be there on one of Black Rod's "visiting days" reckon themselves lucky. There is a crowd in the central hall between the two houses, when from afar down the corridor that leads to the Peers' chamber comes a stentorian shout of "Black Rod."

"Hush!" gasp the awe-stricken bystanders to one another.

The shout of warning is carried on until it is heard in the Commons' chamber. At the same time the crowd of visitors in the great middle hall is divided into two sections with a clear lane between them. Every neck is stretched and twisted that its owner may see what is going to befall. Presently a man in a very tight fitting court suit struts by with a short, gold-crowned wand in his grasp.

That is all. Three minutes later he re-appears accompanied by the speaker, the sergeant-at-arms bearing the mace and followed by as many Commons as his message could induce to leave their places.

To the House of Commons Black Rod is an emissary from "another place," and it is the right constitutional thing to regard him with suspicion. Accordingly, when the hint is given (in stentorian tones) that he is coming, the sergeant-at-arms deems it prudent to lock the door. Nothing daunted Black Rod knocks. He is the only living creature that knocks at that door. Sometimes the campaign orators (who seem to be very much like our American sort) tell about a grievance that has been "knocking at the door of the House of Commons," but that is only the language of metaphor. Black Rod alone knocks in "propria persona" and when he does the guardian of the place eyes him severely through a lattice and asks him what he wants. Only after giving full assurance that his intentions are "strictly honorable" is he admitted.

Once inside the door Black Rod faces the door and bows.

Then he takes four steps up the floor and bows.

Another four steps. He has reached the speaker's table where he bows a third time and looking the speaker full in the eye informs him that the presence of his honorable house is desired in the House of Peers to hear the royal assent given to certain bills. Their being nothing equivocal about this the speaker reaches down, catches the trail of his robe and goes.

It must be a record, however.

brought a terrific storm about his head. The tendency in these utilitarian days is to resent even a request to go to the House of Peers to have the royal assent given. It is a mere formality and the journey takes up ten minutes, in which time much interesting oratory might be uncorked. When the time does come when the House of Commons will no longer go to the House of Lords then Black Rod will find his occupation gone and another quaint figure of the past will have vanished into his native mists.

The term Black Rod, as applied to a person, by the way, is a colloquialism. Black Rod is a black rod, and its bearer is the Gentleman Usher of the Black Rod or his deputy the Yeoman usher, and evidently the British people think it no small dignity to be bearer of the Black Rod and Mercury of the Lords. The present holder of the office which would be filled in the United States senate by a thousand dollar messenger, is an admiral in the British navy and a Knight Grand Cross of the Bath. The duties are simple, and lots of people would undertake them for the salary of ten thousand dollars a year. They or the public part of them consist in marching into the House of Commons and "desiring the presence of the Honorable House in the House of Peers" to hear the queen's speech read or to hear the royal assent given to certain bills; and (this seems to be important) in marching out backwards. This last is a difficult performance to accomplish with dignity, but there is not a queen's speech every day or a royal commission of assent every month, the time for practice is ample. All in all the office seems rather desirable, and there is no question that the British government, by adopting the bid system to which Rock county sheriffs are now held, might fill it at a much lower figure. CYCLING CLUB RESTRICTS SPEED

Members Must Not Ride Fast on the Business Streets—Other Proceedings

Members of the Arrow Cycling club last night voted to restrict members of the club from riding faster than six miles an hour on the business streets of the city, a rule by which all members are required to abide. New by-laws were adopted; three new members were elected and after considerable routine business was attended to the club adjourned. A meeting of the board of directors has been called for Friday night, at which time they will appoint such committees, etc., as is provided for in the by-laws. The club now has a membership of one hundred.

MISS LAURA HADLEY GRADUATED.

Former Janesville Resident Finishes the Wichita, Kansas, Course of Study.

The many friends of the late H. C. Hadley and family who removed to Wichita, Kansas, several years since, will be interested in the following, taken from a recent report of the graduating class of that city: "Laura May Hadley, with graceful gesture and a well-modulated voice told of 'Echoes' not only in mountains, but in human lives, echoes of selfishness, and of sympathy, closing with a beautiful allusion to Christ."

W. T. Sanford, station agent of a Leeper, Clarion Co., Pa., writes; I can recommend One Minute Cure as the best I ever used. It gave instant relief and a quick cure. C. D. Stevens.

Reliable Goods.

The result of selling only reliable goods is placing F. A. Taylor at the head in his line in Rock county. When Mr. Taylor succeeded H. H. Harris in 1894, he went in with but one idea, and that was to make his store as complete as possible, and results of that determination are proving a boon. Instead of purchasing a cheap, shoddy line, he put in the best to be had, such as the Studebaker wagons, Henney buggies, John Deere plows, Fuller & Johnson's full line of implements, Champion binders and mowers, advance threshers, and many others of equal standing.

During the past week this concern put out over half a car load of Deere cultivators.

Persons wishing reliable goods, should make this place their headquarters.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 35th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed. I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure C. D. Stevens.

OGDEN H. FETHERS MAY BE HONORED

TALKED OF FOR THE SUPREME
CHANCELLOR OF THE K. P.

Grand Lodge Now In Session At Milwaukee—Doings of the Woodmen, Odd Fellows and Rebekahs at Madison; Catholic Foresters at Milwaukee and W. C. T. U. at Fond du Lac

The Grand Lodge of Wisconsin Knights of Pythias is now in session at Milwaukee and there is strong talk of electing Ogden H. Fethers of this city as supreme chancellor, the Sentinel in that connection. Frantz Barry, the keeper of records and seals, reported increased activity in all Wisconsin lodges and stated that on December 31, 1894, there were 111 active lodges in Wisconsin with a membership of 7,558. Since then four new lodges have been instituted with ninety-four charter members and the net gain of the older lodges has been about 250. Two lodges were lost with a membership of about 100, so that there are now 113 active lodges and a total membership of 7,900. The total assets of the order were increased \$11,371.77 the past year, a fine financial showing. During the past fiscal year the aggregate receipts of the Grand lodge were as follows:

From per capita tax	\$3,638.25
From fines	317.50
From charter fees	105.00
From dispositions	118.00
From sale of supplies	889.32
From other sources	759.65
Total	\$5,817.72

Fines to the amount of \$800 were remitted, making a net deduction on this account of \$548.50. The disbursements of the Grand lodge amounted to \$5,477.82, leaving a cash balance for the year of \$337.90. The cash balance May 1, 1895, was \$3,725.65 and within sixty days there will be due the Grand lodge about \$1,975 per capita tax. The supplies April 30, 1895, have a cost value of \$499.66. There are at present in the order in Wisconsin: Past grand chancellors, 20; past chancellors, 894; knights, 6,437; esquires, 97; pages 110; total, Dec. 31, 1894, 7,558. The membership Dec. 31, 1894, was 6,835, an increase last year of 723, or 10 per cent.

E. B. Heimstreet was appointed a member of the committee on laws and supervision.

Odd Fellows at Madison.

Janesville is represented by delegates at the annual session of the Grand lodge of Odd Fellows at Madison, which yesterday opened in the assembly chamber yesterday morning, and was devoted almost entirely to the conferring of Grand lodge degrees on about two hundred and fifty members.

The statistical report of Grand Secretary Richard Hoe shows that the total membership in Wisconsin Dec. 31, 1894, was 17,410, a net gain of 131. The order paid for relief during the year \$31,640.15. The total receipts were \$174,089.70; the amount of widows and orphans fund, \$46,240.83; assets, \$610,078.75; invested funds, \$440,686.41; current expenses, \$132,842.14; sick benefits paid, \$16,463.88; funeral benefits, \$8,946.56. For the year ending April 30, 1895, the receipts were \$14,219.45, of which \$4,439.62 was donated to the Green Bay home. There were 109 Rebekah lodges reporting with a membership 3,358 sisters and 2,334 brothers.

The report of the Board of Directors of the Odd Fellows' home shows the value of its property to be \$11,255.97. The invested funds amount to \$3,300 and the cash balance \$5,430.89. The year's expenditures amounted to \$6,396.04.

The Daughters of Rebekah are also in session at Madison and the tenth annual report of the secretary, Sarah E. Hutchinson, showed the order to be in a more prosperous condition than ever before. The total membership is 5,621, of which 3,621 are sisters and 2,000 brothers. The assets amounted to \$12,654.54. During the year, \$324.72 was disbursed for the payment of burial expenses of deceased members and \$1,096.98 was distributed for relief purposes. Since last June 716 new members were admitted and four expelled, while 411 were dropped for the non-payment of dues.

The lodge will discuss the question of allowing unmarried women over 18 into the lodge with the hope of thereby attracting young men to join the Odd Fellows.

C. O. F. at Milwaukee.

The Catholic Order of Foresters, to the annual convention, of which Rev. R. J. Roche, was elected a delegate, opened their meeting at Milwaukee yesterday. The speech of the evening was made by the Rev. Father Cleary, of Minneapolis, formerly of Kenosha. He said that the church must take a practical interest in the worldly affairs of its members, which was the reason it encouraged such societies as the Foresters. The organization had no hidden or secret designs nor was it formed for defensive purposes. It was simply for the welfare of its members.

To the question as to why it was exclusive, he answered that it was in fact not exclusive, but the church did not approve of Catholics belonging to societies that pretended to be wiser or which tried to upplant the church. It was not the business of any society to set up a standard of faith.

There is much business to be done, besides the election of a state chief ranger, a vice chief ranger, a secretary, a treasurer, and five trustees, there will be seven delegates selected to attend the national convention at

Ottawa, Canada, in September. A state constitution will be adopted. The order has 3,500 members in Wisconsin.

The Woodmen at Madison.

The biennial session of the Head Camp, Modern Woodmen of America, was begun yesterday in the senate chamber in Madison.

The city of Dubuque, Ia., has a delegation of fifty well known citizens in Madison in the interest of that city for the next session of the Head camp. The Rock Island, Ill., people who are present to secure the permanent location of the head offices in that city, are working hard, and it is probable that they will be the victors. Other cities desiring the head offices are Fulton and Peoria, Ill., so Janesville will have hard competition.

The question of the establishment of an emergency fund, which is one of the most important matters to be decided at this session, was a special order of business at last evening's meeting but nothing was done with it.

W. C. T. U. at Fond du Lac.

The state convention of the Woman's Christian Temperance Union was called to order at Fond du Lac, by the president, Mrs. V. H. Campbell of Evansville, with an attendance of about 200 delegates from different parts of the state. The president's report showed that she had made eighty-eight addresses during the year and organized new local unions at Fulton, Indian Ford, Monticello, Cobb, Plover and Withee. Other local unions were also organized at Columbus, Fox Lake, Greenbush, Juneau, Springfield, Eau Claire, Mondovi, Unity and Connor's Point. Unions for the young women have also been organized at Ashland, Merrill, Oconto and Rhineland. The total number of unions is 209—194 W's and 15 Y's with a total membership of 4,059. At the evening session Mrs. Campbell delivered the annual address of the president before a large audience.

THE TOWN TALK OF A DAY.

DR. B. A. CAMFIELD, consulting and operating surgeon from the Chicago Eye and Ear College; will be at the Park Hotel Janesville, Saturday, June 8, and at the Central House Evansville June 9, and 10th. He has a new method for testing the eyes and fitting glasses, that perfectly restores the sight, cures headaches, dizziness and many diseases in all cases where these exist. Read the announcement of the Chicago Eye and Ear Infirmary on the 4th page. Any one who wishes to make an appointment to meet Dr. Camfield, should address him at his Chicago office or go direct to the Park Hotel at Janesville June 8, or Evansville June 9, and 10.

WHEN we buy a stock we buy so that we can undersell all kinds of shoes—paper shoes, half leather shoes and all other inferior classes. We had this very thought in mind when we bought the Fond du Lac stock. That's why we marked it down so cheap. Now we have it. We are selling shoes. We stake our reputation on it, 50 cents on the dollar of the factory cost, and no one can touch us. We sell better shoes for less money than any one else in the town. Becker & Woodruff.

No trouble in selling this make of shoes, nothing of the kind ever offered in this town less than 100 cents on the dollar and the retailers legitimate profit. We are selling at 50 cents on the dollar of what the factory charges. Becker & Woodruff.

LAWN mowers \$2 each. Did you ever hear of the like before? We never did. This is actually less than they cost us, but just to give the boys a little brush, \$2 each. C. H. Belding, 9 Court street.

WE bought the goods right that's why we can sell so cheap. Not a shoe in our house stands us to exceed 30 cents on the dollar of the factory cost. Guess we can sell for 50 cents and make a little money. Becker & Woodruff.

HERE'S where you get the worth of your money. Everything in the house reduced away down to one-half to close out. We want to sell \$25,000 worth of clothing this summer, and will do it for \$12,500. Frank Back.

THE way we are selling the best shoes made will bring us customers, they can't stay away, half factory cost cannot be touched in this town. A shoe that cost us \$1.80 at the factory we sell for 90 cents. Becker & Woodruff.

THAT \$1,000 beer, warranted strictly pure malt and hops, can be found only at M. M. Fardy's, No. 10 Midway by case. Clarets, Reising, Ports, and all California wines, at \$1.25 per gallon.

THE hard cultivator, with all attachments we are selling for \$4.50 is the best we ever saw. Don't buy until you see it. C. H. Belding, 9 Court street.

As good a child's or boy's suit as there is made at about half price and a "backboard" thrown in. Frank Back.

BEST small hand cultivator known only \$4.50 at Belding's, 9 Court street.

All the valuable new books for summer at Sutherland's.

Another Carload of Buggies.

We received another carload of those famous Henney buggies yesterday. They are the buggy here this season. We have sold a lot of them and are selling on an average of five a day now. We will have no trouble in selling 500 this season, and those 500 buyers will all speak a good word for us next season. F. A. Taylor.

"MOTHERS' FRIEND"

CURES RISING BREAST.

OH, YES, WE TRUST.

Oh, yes, we trust that somehow good
Will be the final goal of ill.
To punge of nature, sins of will,
Defects of doubt and taints of blood;
That nothing walks with aimless feet;
That not one life shall be destroyed,
Or east as rubbish to the void,
When God hath made the pile complete;
That not a worm is cloven in vain;
That not a moth, with vain desire,
Is shrivel'd in a fruitless fire
Or but subserves another's gain.
Behold, we know not anything!
I can but trust that good shall fall
At last—far off—at last, to all,
And every winter change to spring.
—Tennyson.

INDIAN REVENGE.

Jed Wilson and I were neither of us
much over 20 when, in the reckless
spirit of adventure, we joined a com-
pany of threescore hardy fellows who
were on the point of starting off up the
Umpqua river.

After many days of the most difficult
travel we came at length in sight of an
Indian village, and approaching this
village to within a quarter of a mile we
pitched our permanent camp.

We had been there a very few min-
utes before our redskin neighbors be-
came aware of our presence, and im-
mediately they swarmed down upon us,
displaying the most hostile intentions.
The sight of our weapons cowed them,
and they saw it would be best to leave
us alone.

The chief of the tribe was one Wah-
kia-na, a tall, muscular Indian of per-
haps 45. As the days went by Wah-
kia-na became quite a frequent visitor.
His favorite lounging place was the log
cabin in which Jed and I did the cook-
ing.

One morning Jed discovered Wah-
kia-na in the act of jabbing a long, sharp
pointed piece of iron he invariably car-
ried in his belt into the soup kettle,
hoping no doubt to fish out a nice hot
chunk of beef. This was more than my
companion could stand.

Knocking the iron out of the redskin's
hand with a quick blow, Jed grabbed
the fellow by the scruff and the slack
and rushed him out of the cabin, quit-
ting him with a push that sent him
sprawling upon the ground.

After that Wah-kia-na came to the
cookhouse no more, and in a month or
so the incident had dropped completely
from our minds. But not from the In-
dian's. In his heart he nurtured ven-
geance.

One day we learned that there em-
ptied into the Umpqua a certain stream,
the exploration of which promised con-
siderable sport. This tributary was
known as Smith's river, after an unfor-
tunate trapper who had been killed by
the Indians many years before.

When we had arranged our plans, we
made them known to Wattie Linn, a
sturdy old backwoodsman, who had tak-
en quite a fancy to us youngsters and
had more than once proved himself a
true friend.

"Don't ye go, boys," said Wattie.
"Why not?" asked Jed. "We can
manage the canoe all right."
"Tain't that."

"What is it, then? Are you afraid of
the Indians cutting us off?"
"Waal, yes, that's about it," replied
Wattie.

Just as we were pushing off along
came Wattie.

"So yer bound to go, boys?" he said
half reproachfully. "Waal, good luck to
ye. But look hyar, I want ye to promise
me a something. Guess it'll take ye
three days to get up to Smith's, thar
bein a freshet in the river, but a day
ought to fetch ye back slick as grease.
Now, give me yer word, boys, to be
back hyar by five days at the latest—
that is, if ye kin."

We promised the old fellow and dip-
ped our paddles, impatient to be off.

"Good, lads, and now look hyar. If so
be as ye meet trouble and hev to quit
the canoe and tramp home make tracks
down the right bank of the river; the
right bank, do you heer?"

Nothing particular happened until the
afternoon of the third day. We were
ripping along very quietly when sud-
denly Jed reached over the side of the
canoe and fished something out of the
water. It proved to be a small closely
woven Indian basket.

"That's bad, Jed," I exclaimed.
"Sne as guns ther's redskins ahead of
us."

"We'd have met the beggars if they
had come down stream; so they must
have gone up," said I. "What's to be
done, Jed?"

"Done! Go ahead and trust in Providence,"
replied Jed. "They may be
friendly or they may not. Anyhow
we've got our rifles."

"What's that yonder?" cried Jed,
pointing to a hill a little distance ahead.
Its sloping side was dotted with what
looked to be huts. We rested on our
paddles and gazed upon the scene with
silent anxiety.

We found the cause of our wonder to
be an old Indian burying ground. The
hutlike risings were marked hillocks of
earth, each of which marked the resting
place of a warrior.

Paddling a mile or two farther along,
we camped for the night.

As soon as it was light enough we
started to mount to the top of what we
meant to be our long toboggan slide
back to Umpqua. It was the worst
rapid we had yet encountered. After
trying it several ways without success
we had to resort to the towing line.

We dragged our little craft up through
the boiling current yard by yard. It
may have been within a dozen feet of
us when crack! the stout hide line sud-
denly snapped, and away went the canoe
with all our stores and Jed's rifle, dash-
ing madly down the falls.

"What fools to worry," cried Jed,
"when we can get all the canoes we
want!"
"Where?"
"Down in the burial ground of
course. It's only a mile or so. Come
along."
Fortunately we were on the same side

of the river, and an hour's hard strug-
gling through the dense woods brought
us to the cemetery. We found that
most of the canoes were in very bad
condition, but finally came across one
that seemed seaworthy. Our good for-
tune mended our spirits, and as we sped
onward we laughed and joked and broke
into rollicking songs.

We had made a mile or so when,
shooting round a sharp elbow of the
river, we were thunderstruck to find
ourselves abreast of a large Indian camp
pitched on the bank. The narrowing of
the stream at this point brought us with-
in 20 yards of our foes.

Uttering a howl of rage, they made a
wild rush for the water's edge, threw
themselves into their canoes and came
after us in full pursuit. And foremost
among them we recognized the tall form
of Wah-kia-na.

With a swift wave of our paddles we
turned the nose of our antique craft to-
ward the bank, reaching which, we
leaped ashore. I seized the gun, and in
two seconds we were tearing through
the thick brushwood toward the forest
beyond.

That afternoon and evening I tramped
many miles. At nightfall, being utterly
fagged out, I threw myself upon the
turf beside a small stream and was soon
sound asleep.

I awoke a little after dawn, cold and
stiff and desperately hungry. I was
about to move along when I was startled
to hear a crackling among the brush-
wood. I set my teeth and brought my
rifle to my shoulder, ready to fire as soon
as the thing should break cover.

Presently who should stagger into
view but Jed, the poor fellow ready to
drop with fatigue and hunger. We
started off, but soon Jed, who was car-
rying the gun, while clambering over
the rocks made a misstep and fell. The
weapon flew from his hand, and the
trigger striking hard against a stump,
a loud report followed among the sur-
rounding hills.

But that was not the worst. Jed's
ankle received a very bad twist in his
fall, and for some minutes the poor fel-
low was agonized with pain.

Now we noticed a column of smoke
rising nearly opposite our position from
the other bank of the river.

"A signal!" cried Jed. "They must
have heard the report. What a clumsy
idiot I was!"

"And see," said I, "there's an an-
swering signal to the right and another
to the left. But we've got a good start
of them, and before they strike our trail
we must be miles away."

All that afternoon we toiled onward
over our rugged course. Meantime, how-
ever, Jed's wounded ankle grew worse,
until at sunset it was swollen to twice
its natural size, and he could proceed no
farther.

Twilight slowly darkened into night.
The moon rose and cast her fading light
upon the scene. A more welcome light,
I think, I shall never behold.

Presently signal fires on the hills near
by told us that the rest of our enemies
were close at hand. Again I looked to
the priming of my gun and otherwise
prepared for action.

For fully 20 minutes we heard nothing
of our foes, though we knew well the
cowardly fellows were debating how
best to reach us. Then, from their am-
bush in the wild oats, we heard voices,
as though they were encouraging each
other to charge, and we realized that
the crisis was at hand.

Suddenly I was startled by an ex-
clamation from Jed.

"It's all up, Joe!" he cried. "No use
firing. The villains have got us in the
rear."

"Hist, boys, hist!" whispered a voice
from the bow of the canoe.

"Good heavens, it's Wattie!"
"Aye, boys, and just in the nick of
time. Catch hold of this hyar line and
haul us in right smart."

This was done, and all so quietly and
quickly that the Indians knew nothing
of our re-enforcements. A minute later
they broke cover, rushed into the open,
and with a blood curdling yell charged
pellmell down upon us.

"Fire!" shouted Wattie in a voice
that rang loud above the uproar, and
instantly five spots of flame flashed in
the faces of our foes.

Surprised, thunderstruck, utterly dis-
comfited, the advancing body reeled
back from the volley they had so little
expected.

"After 'em, boys!" yelled Wattie,
leaping up over the bank and giving
chase. We sent them flying in all di-
rections, each Indian intent only on secur-
ing his personal safety.

Then, returning to the bank, we
sought our two fallen foes. The first we
came up to was lying face downward,
having pitched forward as a bullet found
his heart. Turning him over, we found
he was none other than the villainous

His Diploma.
"You began practice in Arkansas, did
you not, doctor?"

"Yes," replied the physician. "I did.
I would have got along all right if it
had not been for my diploma. It occur-
ed to one of the natives to ask what it
was. 'My diploma,' I answered, 'is from
one of the best schools in the country.'"

"'Ye don't mean to tell me,' said
the old man, 'that ye had to go to
school to larn yo' trade, do ye?'"

"Certainly," said I.

"That is enough for me," said the
old man. 'Any feller that hain't got no
more natural sense than he has to go to
school to larn to be a doctor, and him a
grown man, ain't no man fer me,' and
he jammed his hands into his pockets
and walked out. I staid six weeks more
and gave it up."—Indianapolis Journal.

THIS DAY IN HISTORY

1826—Karl Maria Friedrich Ernst, Baron von Weber, famous musical composer, died; born 1786. Weber was a pupil of Michael Haydn and other masters. While a very young man he became director and manager of opera at Prague and also at Dresden. His masterpiece, "Der Freischütz," appeared when he was 35, four years before his death. "Oberon," his last opera, was first produced in 1838.
1870—7,000 buildings burned and 2,000 lives lost at Constantinople.
1882—Oil City and Titusville, Pa., devastated by a fire created with burning oil, 300 lives being lost, 1,500 people rendered homeless and \$3,000,000 in property destroyed.

A FREIGHT CAR BROKEN OPEN

Robbery May Have Been Committed Here

—C. J. Larson Locked Up.

Chicago & Northwestern officials are of the opinion that someone in this good town was wicked enough to break into one of the box cars last night and steal divers valuable goods. That this suspicion was lurking in their minds, was shown by the fact that Chief Acheson received a telegram from Barrington, saying that a car loaded with household goods had arrived at that station with the door open, which breaking they thought had either taken place in this city, or somewhere between here and Barrington. When train 582 pulled out of the Janesville yards last evening, it contained a car, that had arrived during the day from Duluth and billed to William Thompson, Indianapolis. Both doors were supposed to have been locked and sealed when it left this city, but when the train reached the Barrington yards, the seal on the left door was broken and a satchel and grip, which contained clothing, were missing. The police have searched the Janesville yards and vicinity thoroughly and no clue as yet has been discovered. The officers think that if the goods were stolen here, they would at least be able to find the empty grips somewhere about the yards, so they are inclined to believe that the work was not done here.

C. J. Larson in Trouble Again.

You can steal a pair of shoes this summer and then "lay quiet" until next summer, but the Janesville police will "land" you before you can realize on them, every time. That is about the situation, and nobody realizes it any more than C. J. Larson and the fact that he is in jail seems to impress the fact on his mind. Some time ago, it will be remembered, some one stole a pair of shoes from Trulson & Peterson's store. Little was said about the theft at the time and the case was considered a hopeless one. When, however, a man offered two new shoes, both for the right foot, to a local second hand dealer, the latter at once realized that something was wrong and notified the police. Chief Acheson then started out on a tour of investigation and arrested Larson with the stolen goods in his possession. When taken to the jail Larson said that he had kept the shoes hidden in the hopes that the matter would blow over, but there he miscalculated. Larson is the man who was sent to the county farm a short time ago, but made his escape. The police are inclined to think that he is harboring a "bug in his garret" and that his mental balance is not improved thereby.

A SNAKE THIEF.

How a Reptile Stole the Milk from a Fine Jersey Cow.

W. L. Hewey, living up in the Cross Lake country, has a fine Jersey cow, which usually keeps the family supplied with an abundance of milk, says a Shreveport (La.) paper. On Monday last Hewey noticed a falling off in the milk supply and for every day thereafter there has been a steady diminution. Thinking that perhaps the pasture did not furnish sufficient nourishment for the cow, Hewey began to give her an extra quantity of food at night, but in vain. Every evening she returned to the pen with an empty bag. At last Hewey came to the conclusion that some negro in the neighborhood must be in the habit of milking the cow before she left the pasture; so he set about discovering the guilty party. Yesterday his investigations were rewarded, the thief proving to be a singular one, indeed. In the middle of the afternoon Hewey went into the pasture, taking his stand behind a big oak tree whence he could keep an eye on the cow without being himself observed. For a long time there seemed no chance of solving the mystery, as no one appeared in the pasture. Finally Hewey was about to give up the search as a bad job, and drive the cow to the pen, when he saw a big black-and-white-pied snake glide out from the thicket behind him and make its way across the pasture to the Jersey. Following after as rapidly as he could, what was his astonishment to behold the snake wrap itself around the Jersey's hind legs, holding them hard and fast, and then grasp hold of the bag, sucking away at the teats like a hungry calf. Hewey is a new man to this section, and this singular conduct on the part of a reptile surprised him beyond measure. Since consulting with his neighbors, however, he has ascertained that the snake, called a "cow-sucker," is a very common variety, causing much loss among cattle-raisers and milk men in this section.

The Letters of Erasmus.

The letters of Erasmus are a rich mine full of materials for the study of the sixteenth century in many aspects and not only in its religious controversies. We have an insight into courtly, social and literary life. The paid tutor in the prince's house had now become a regular institution. We see the value of a dedication to a wealthy patron. We have a vivid picture of what traveling must have been, the difficulty of procuring carriages, the slow pace by horseback, the wretched taverns.

How we pity poor Erasmus in that journey from Basle to Louvain, with his frail constitution, arriving at Aix after a fearful shaking on bad roads and being regaled with cold carp by the preceptor and next day at the vice provost's with nothing but eels and "bacalao"—salt cod, almost raw! Though suffering much from illness aggravated by the journey he managed to reach Louvain, where his miseries culminated in an attack of what was supposed to be the plague and hardly any one would come near him. He concludes, however, thus: "I send doc-

tors to the devil, commend myself to Christ, and am well in three days."—The Gentleman's Magazine.

The Mutations of Fortune.

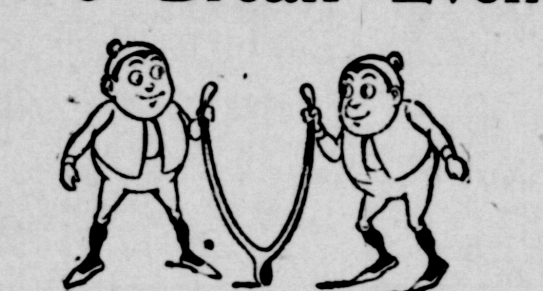

Many years ago a certain magnate in the west of England—doctor of divinity and chairman of the Quarter Sessions—was also an enthusiastic geologist. One day a farmer, who had seen him presiding on the bench, was riding along a quiet road when he discovered the magistrate seated by the roadside on a heap of stones which he was engaged in breaking with a small hammer in the course of a hunt for fossils. The farmer reined up his horse and for a moment gazed open-mouthed; then shaking his head over the changeableness of all things human, exclaimed in tones of the deepest commiseration: "What doctor! be you come to this already?"

JOHN A. DECKES DECLARED INSOLVENT.

Circuit Court Frees The Milton Avenue Tobacco Dealer From the Payment of His Debts—F. W. Loudon Falls and Breaks His Leg—Other City News.

JOHN A. DECKER, the Milton avenue tobacco dealer, who made an assignment about one year ago, is now free of his debts. Judge Bennett, this morning issued an order declaring him to be insolvent, and discharging him from paying his obligations.

F. W. LOUDON fell in front of Lowell's Hardware store this morning and broke his left leg near the hip. The accident occurred at 7 o'clock just as he had alighted from his buggy. He being at the advanced age of seventy-six years the outcome may be more serious than is expected. Dr. Mills was called and dressed the injured leg. Besides the break, Mr. Loudon was severely shaken up.

At least one young man, if not more, will visit Madison tomorrow, who will not patronize the railroad companies. He intends leaving at 4 o'clock in the morning on his wheel, and says he will be in Madison long before the excursion train, perhaps by the time the train leaves this city.

DR. S. W. ST. JOHN will leave tomorrow for his new home in Salt Lake City, where he will have charge of a Keeley institute. The doctor says he will remain in Salt Lake for a year, and possibly longer, but no matter how long he remains, he will always remember Janesville.

MEMBERS of the Y. P. R. C. of Trinity church participated in a moonlight drive last evening to the home of Miss Gertrude Richards, west of Janesville. Music and games were enjoyed by all, and the evening was one long to be remembered by those present.

COME here and get your shoes. No such shoes as Nettleton's, Strong & Carroll's, Schwab, etc., are made at any other factory in the United States, and we're selling these very same shoes at 50 cents on the dollar of what the factory charges. Becker & Woodruff.

A TRAIN of fifty cars pulled into the city this morning over the St. Paul road all being loaded with ice. They came from Burlington and were on their way to the west, where it will be used by the company in refrigerator cars.

SAME old story—50 cents on the dollar buys any shoe in the house. Not 50 cents on the dollar of the retail price, but 50 cents on the dollar of the factory cost. Don't see how we can do this? Come in and see. Becker & Woodruff.

Don't think we'll change our large advertisement today. It seems to catch the people and it makes our competitors kick, and that's what we like. With every child's suit we give one of those buckboards. Frank Baack.

REV. VICTOR E. SOUTHWORTH, of All Souls Church is in Chicago attending the meeting of the American Congress of Liberal Religions, which is holding forth there this week at Dr. Hirsch's church.

MRS. D. W. WATT pleasantly entertained a number of her lady friends yesterday afternoon at a five o'clock tea, in honor of Mrs. J. W. St. John, who will soon leave for the west.

JOHN D'ORMOND's production of "Married for Money," at the Myers Grand last night pleased his audience very much and tonight "Faust and Marguerite" will be the bill.

ALL members who are to march in the Modern Woodmen's parade, are requested to meet at the hall at 7:30, sharp tomorrow morning. By order of H. M. Weaver, marshal.

By the end of June we won't have a "buckboard" left the way they are going. No difference how small the price of the suit is we give a buckboard. Frank Baack.

A LARGE delegation of Woodmen were in the city today. They hailed from Woodford, Platteville, Twin Grove and Monroe, and were on their way to Madison.

THE Ferris Ice Company have begun to make regular trips among the residences in the Spring Brook addition, and there is joy among them in consequence.

THE Berlin Machine Works of Beloit, who employ three hundred men, will close Thursday to allow their men to attend the Woodmen's picnic at Madison.

A. T. WILKINS left this morning on a two weeks' trip through the west in the interest of the Goodrow & Co's picture frame house, of Chicago.

THE regular meeting of Wisconsin Lodge No. 14, Independent Order Odd Fellows will be held at Odd Fellows' hall, North Main street, tonight.

"TOM" MORRISSEY made a home run for the Dubuque team yesterday, when all the bases were full and the whole town is singing his praises.

OFFICER HOGAN, who weighs two hundred pounds, rode a nineteen-pound wheel, last evening, much to the delight of the small boy.

We don't expect to sell all the shoes sold in the county but we are out for our share of the trade. We don't have any statements that we can't fill

to get you into our store. Think of a store claiming to sell the finest shoes made for \$9.95 or the idea of selling for just exactly one-half the cost to make. If you have the sense of an oyster you can see the fallacy of such statements. Brown Bros. & Lincoln.

WILL COST \$96,900 TO RUN THE CITY

ESTIMATE MADE ON THE TOWN FINANCES.

School and Gas Funds Will Have to Be Increased Heavily While All the Other Funds Are Running Short In a Lesser Degree—License Money Makes No Difference.

It will in all probability, cost about \$96,900 to run the city of Janesville this year and in this connection the communication of the board of education, presented to the common council on Monday evening asking that \$27,000 be raised by tax for the support of the school the coming year, is being discussed by tax payers of the city. The discussion is not confined to the sum asked for the support of the schools, but extends to all city departments. People who are familiar with the affairs of the city are not harsh in their criticisms, but favor the raising of all the money required for an economical management of the schools and all city departments. The growth of the city in recent years, as has been explained many times, has increased expenses, and the limitations placed on the several funds have proved far too small to meet the increased expenses. Now every fund in the city has overreached the limit and is in debt.

Schools and Lights Cost More.

The school board ask for \$27,000 the coming year. Last year they got \$18,000, the present demand being an increase of \$9,000. No other fund, probably, will ask for anything like such an advance, unless it may be the gas fund. Last year there was raised \$7,000 for this fund, but this was not sufficient to meet the demands, and after September there will undoubtedly be a still further increase, owing to the fact that electric lights will be substituted for the oil lamps. Chairman Smith, of the gas committee, says that he has made an estimate, and thinks that he can run the lights, with fifty additional lamps after September, for \$10,000, but a number of the aldermen, as well as many property holders, are clamoring for still more lights, which will still further increase his estimate, so that it may reach \$11,000.

Water rentals are also increasing. Starting in with a semi-annual rental of \$2,100, this has increased until now it is \$2,800, and by December it will be still further increased, so it will reach quite \$6,000 per annum.

General Fund Overdrawn.

Fire department expenses have increased somewhat, the fund limit being \$7,000, while the expenses overreach that figure a thousand dollars or more.

The general fund is limited to \$10,000, but is overdrawn several thousand.

That the tax payers may be better informed, The Gazette republishes the tax levy of last year, the total being \$76,800, divided as follows among the several funds:

Bonded debt and interest.....	\$13,000 00
School fund.....	18,000 00
Public library.....	3,000 00
Fire department.....	7,000 00
Gas.....	7,500 00
Bridge.....	1,000 00
General.....	10,000 00
Judgment.....	5,400 00
First ward.....	2,500 00
Second ward.....	1,600 00
Third ward.....	3,000 00
Fourth ward.....	2,000 00
Fifth ward.....	1,800 00
Total.....	\$76,800 00

An Estimate of the Levy.

A careful survey of the situation indicates that the tax levy for the coming year will be much larger than the above and is estimated as follows:

Bonded debt fund and interest.....	\$13,500 00
School fund.....	27,000 00
Public library.....	3,000 00
Fire department.....	9,000 00
Gas.....	11,000 00
Bridges.....	5,000 00
General.....	15,000 00
Judgment.....	5,000 00
First ward.....	2,500 00
Second ward.....	1,800 00
Third ward.....	3,000 00
Fourth ward.....	2,000 00
Fifth ward.....	1,800 00
Total.....	\$96,900 00

This estimate, places the bonded debt and interest fund, the public library, and the ward fund the same as last year, and the total foots up \$96,900, or an increase of \$24,500, \$9,000 going to the school fund, \$3,500 to the gas fund, \$5,000 to the general fund, \$2,000 to the fire department, \$4,900 to the bridge fund, and a decrease of \$2,000 in the judgment fund. This will undoubtedly be near the actual totals, when the tax is levied. Some of the funds may be cut down, while others may be raised, but the estimate will leave a good margin for state and county taxes in the fall, and still be below the 3 per cent. limitation. While The Gazette does not pretend to be accurate in the figures, they may form a basis for pruning or grafting purposes, and still keep within the three per cent. limit, which, under present equalization is \$139,200, the valuation being \$4,460,000, based on last year's assessment.

The license money will not alter these figures this year as \$12,000 of the money received from that source must be paid to the county under the supreme court's ruling.

Obed Dann, formerly of this city but later of Chicago, died this morning and the funeral services will be held at the home of R. J. Nott, 107 Madison street, on Friday, the hour not yet being decided upon.

CONCERT AT ALL SOULS CHURCH.

Fine Program Was Presented Last Evening and Was Much Enjoyed.

A concert that was thoroughly enjoyed by a goodly audience was given at All Souls church last evening under the auspices of the Organ society. The decorations were particularly fine, flowers and potted plants being used profusely, while banquet lamps and handsome furniture completed the display. Particular mention should be made of Mrs. Conrad's solo, "For All Eternity," with viola obligato by Professor Hayner; the trio "Forget Me Not" by Miss Hyde, Mrs. Conrad and Mrs. L. B. Lewis, and Miss Hyde's solos. Mrs. W. T. Sherer played all the accompaniments, the program being as follows:

Organ Solo.....Miss Sophie Weisend
Vocal Solo, "For All Eternity".....Mrs. Minnie S. Conrad; viola obligato by Professor S. H. Hayner.
Recitation, "Lady Westworth".....Longfellow
Vocal Duo, a. "Far Away".....Miss Allie Button, Milton
b. "A Flight of Clouds".....Miss Hyde and Mrs. Conrad
Viola Solo.....Prof. S. H. Hayner, Chicago
Vocal Trio, "Forget-me-Not".....Miss Hyde, Miss Conrad and Mrs. S. B. Lewis
Vocal Solo.....By the Fountain.....S. B. Lewis
Vocal Solo.....Prof. Hayner
The thanks of the society to the audience were voiced by Walter Helms at the conclusion, he also apologizing for the non appearance of the Mandolin club, explaining that one of the members had been suddenly called out of town, thus preventing their appearance.

EXCURSIONS ON BOTH STEAMERS

Columbia and Mayflower Were Both In Use Last Night.

Janesville parties enjoyed moonlight excursions up the river last night on both the Columbia and the Mayflower. The former craft carried the First Methodist Sunday school and the attendance was so large that Captain Buchholz had to use the barge in addition to the steamer, 360 people being present. The Arion orchestra furnished the music and all enjoyed their trip thoroughly.

The Mayflower was run for the benefit of the cotton mill strikers but the attendance was not very large, only about fifty being aboard the craft. The G. A. R. drum corps volunteered their services for the occasion and to them and Captain Griffiths the strikers express their sincere thanks.

HON. HENRY TARRANT IS AGAIN HONORED

RE-ELECTED CHAIRMAN OF THE COUNTY BOARD.

Choice Was Made On the First Ballot—Every Member Was Present When That Body Convened—City's License Money Proposition Presented Other Business Done.

Hon. Henry Tarrant, of La Prairie, was re-elected chairman of the board of supervisors this afternoon on the first ballot. An informal ballot was taken which gave Henry Tarrant 17; Simon Smith of Beloit, 11; Robert More of Bradford, 4; H. A. Egerton of Center, 1. The formal ballot gave Mr. Tarrant 22 and Mr. Smith 11. The clerk declared Mr. Tarrant duly elected.

Every member of the board answered to the roll call this afternoon. Chairman Tarrant thanked the members for the honor conferred on him for the second time, assuring them that he would do all in his power to expedite business and maintain harmony.

On motion of Supervisor Bailey, the rules of the old board were adopted to govern the present. Clerk McIntyre read a communication from the state board of immigration asking the co-operation of county board in stimulating immigration to Wisconsin, which was placed on file. Also a communication from Ex-District Attorney W. G. Wheeler, in relation to the decision of the supreme court in the Edgerton case.

Supervisor Kimball presented the petition of the common council of the city of Janesville, asking that half the license money due the county might be paid this year and the balance next year. Mr. Kimball presented a resolution granting the petition, and on his motion it was referred to a special committee consisting of Supervisors More, Egerton and Langworthy.

On motion of Alderman McLean, a committee of two is to be appointed by the chair, who, with the county clerk, will ascertain the amount due the county from each city, village and town on the licenses granted.

It was stated that a large majority of the board wished to join the Woodmen's picnic excursion tomorrow, and Supervisor Powers moved that when the board adjourns today it be until June 19, at 9:30 o'clock a. m. Adopted.

Chairman Tarrant will probably not announce the standing committees until the adjourned meeting on June 19. Supervisor Kimball has plans prepared for building an annex on the north east corner of the court house, to provide increased vault room for the county court and circuit court clerk. This will be presented to the board for consideration.

Those in the company are: Charles Carpenter, Frank Knipsheid, A. J. Hinds, A. Gibson, W. DeLong, J. F. Leaf, Thomas Cherry, F. W. Parke, John O'Grady, Chauncey Smith, William Boyce, J. C. Hill, L. B. HISTORICAL FASHIONS.

Style of the Oliver Cromwell Period—Collars and Cuffs.

Almost every period of history has, during the last few years, contributed something to the wardrobe, with the result that anachronisms in respect to time and nationality have become the rule, and only the learnedly hypercritical think of being annoyed thereat.

The period being revived just now is that of Cromwell, which has not heretofore come to the front, and as it is picturesque and distinctive it may prove very satisfactory to the searcher after novelty and fresh effects. The Cromwell hat, with its tapering crown and broad brim, decorated by a single plume around one side, is not calculated for general becomingness, but

HOUSE GOWN.

the Cromwell coat, with its broad, turn-down collar and big sleeves cut up the inner side to show undersleeves and the turnback cuffs, will be more widely acceptable.

One of the prettiest of these revivals is undoubtedly the Cromwell collar and cuffs, which, to be quite correct, are rather more of Charles II than Cromwell, as they are most of them decorated with costly and delicate lace, a vanity and frivolity "Old Nell" would never have countenanced. These sets are made in all kinds of white washing fabrics and might well employ some of the dainty needles engaged on superfluous fancy work, for a set of snowy, pretty collar and cuffs will make a shabby passe gown pass as respectable.

For general wear fine cambric ruffles are better than lace, as they launder perfectly and are far more durable, besides being very inexpensive.

The figure in the illustration shows a pretty house gown of surah, of the shade known as "Ophelia." It is close fitting, with a wattleau back. The front has a fall of accordion plaited surah from neck to foot. The gown is cut away at the throat and has a Marie Antoinette fichu of surah bordered with a ruffle of white mousseline de soie. This is fastened by a chon of ribbon with very long ends. The bishop sleeves are finished with a similar ruffle.

SUMMER FASHIONS.

Stylish Petticoats of Light Striped Silk. The Japonaise.

A sort of loose backed jacket is the very latest novelty and is called the "japonaise."

Godet and other skirts, with an interlining of crinoline, have caused an immense increase in "that tired feeling" in women who lift the skirt in walking. It is impossible to gather the triple folds in one hand, and to use two is inconvenient as well as less graceful. The godets are heavy and clumsy, and they weary the fingers and stretch the gloves.

Tailor made gowns remain fashionable for morning wear, and during the warm season it is far more comfortable to have

SUMMER COSTUME.

the skirt made without a lining, relying on a well cut petticoat made of stiff goods for the proper flare.

Eighteenth century picture styles will be in vogue during the summer, in which light, billowy laces, muslins, gauzes, kerchiefs or fichus a la Marie Antoinette, and last, but not least, buttons will play the most prominent parts.

Summer petticoats of light, striped silk are trimmed around the foot with a deep flounce of white or cream nainsook adorned with horizontal bands of lace insertion and edged with lace. The heading is of beading run with ribbon to match the silk.

Bright scarlet shirt waists, with starched collar and cuffs, are among the novelties of the season. They are pretty for outing use and are said to wear and wash well.

Thin light laces are again being used, and one of the latest varieties consists of fine net scalloped on the edge and adorned with large holes surrounded by a ring of solid work.

The first figure in the sketch shows a gown of ivory bengaline combined with mauve. The mauve skirt opens on each side in front to show a point of ivory bengaline. The ivory blouse has an immense mauve collar trimmed with a ruche of mousseline de soie. The ivory sleeves have deep mauve cuffs. The second figure shows a little girl's gown of blue and white wool crepon. The plain skirt is full. The blouse corsage has a bertha of lace and buttons at the back. The balloon sleeves have deep cuffs covered with lace.

THE WEEK AT EMERALD GROVE.

Ice Cream Social Planned—Memorial Day Exercises—Other News Notes.

EMERALD GROVE, June 4.—Strawberries, ice cream and cake will be served by the Ladies' Aid society June 6, at the home of Mr. and Mrs. J. C. Scott, instead of at E. H. Ransom's as announced last week. Ladies please remember cake. Rev. G. Hammond visited Chicago last week and returned on Friday. The attendance here on Memorial day was large, notwithstanding heavy showers that fell just as the people were coming. J. C. Bartholf of Janesville, addressed a large audience who listened attentively. With martial music the audience went to the cemetery and decorated the graves with wreaths and flowers. Rev. Shattuck, a pastor here during the war was in attendance and spoke of the dead whose graves were covered with flowers at this time, both north and south. The cemetery directors wish to thank the young ladies who so ably assisted in carrying out the program. Mrs. E. W. Beach of Chicago, is visiting with the Hammond family. Benjamin Gardner, who died in Janesville Friday, was brought here Sunday for interment. He was born on the farm near here, but moved to Janesville with his parents when quite young. Rev. Barbour preached here last Sunday. Mrs. Hiram Proctor and daughter, of Janesville, are calling on friends in or about the village. Gillies & Jones are headquarters for straw hats and underwear. The rain last week was much needed, and grass, grain and corn seem to show their appreciation of a good wetting. The Y. P. S. C. E. will have a social next week Friday evening, June 14. Particulars next week.

Mother Nature, Ever Fruitful

In beneficence to mankind, has given birth to one which, developed by art, has been prodigious in health, yielding benefits to the race. No voyager, sea captain, commercial traveler, or tourist seeking pleasure and health, should fail to be self provided with this grand botanic restorative and preventive, Hostetter's Stomach Bitters, which counteracts the effects of malarious air and brackish water, unwholesome or unwanted diet, exposure, the fatigue caused by rough weather at sea, and sometimes by railway traveling over a rough road bed. Mariners, miners and western pioneers bear concurrent evidence to its defensive and reparative influence. Chills and fever, rheumatism, inactivity of the kidneys, biliousness, dyspepsia and nervousness are all relieved by its incomparable fine alternative, corrective and invigorant, which physicians highly commend.

He Could Stand It.

A church organization in Maine intending to give a performance of some oratorio were a little alarmed about the cost of the thing. Accordingly the director of the chorus suggested to the leader of the orchestra that had been engaged: "We've got to keep our expenses down and I thought we might get you to leave out the trombones. You know they have only four measures in the entire oratorio, and if we leave them out we can save at least twenty-five dollars and no one would be the wiser."

The leader of the orchestra assumed a tragic attitude and answered: "That would be an insult to the composer."

Thereupon the chorus director observed: "O, never mind him; he's dead."—Washington Star.

A TRUE STORY.

Last month I cleared, after paying all expenses, \$253.38; the month before \$186.36 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that your family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co. Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.
